

36cm

The diagram shows a right-angled triangle. The vertical side is on the left, and the horizontal side is at the bottom. A right-angle symbol is at the vertex where these two sides meet. The vertical side is labeled '36cm' with a dimension line to its left. The horizontal side is labeled '48cm' with a dimension line below it. The hypotenuse connects the top of the vertical side to the right end of the horizontal side.

48cm
